6. Fuel Surcharge. During times of rapidly rising cost or increasing price volatility of aviation fuel the Board may elect to assess a fuel charge until such time the new cost of fuel can be incorporated into the hourly usage fee. New additional assessments of over \$50.00 per month shall require approval by a majority vote of the members present at a membership meeting.
- 8. Clean-up Assessment.** The hangar and aircraft are cleaned, washed and waxed twice a year (spring and fall). It is the Active Member's responsibility to attend the clean-up events.
